

Report of Interview

03/11/2023

- Total 17 students were interviewed on 3rd November 2023.
- Among these, 2 students had a family income above Rs. 6 lakhs & hence they were not considered.
- One student's family income also exceeded Rs. 6 lakhs as her brother's income was not disclosed at the time of application.

Though the Scholarship was proposed for **OPEN MERIT**, only 2 students fulfilled this criteria. There were 2 Orphan students who lost both their parents in childhood & their education was paid for by their uncle (father's brother).

Economically Weaker Section (EWS) are actually OPEN students with income less than Rs. 6 lakhs. We found 6 EWS students were genuine & they will need support.

There are 4 students who are Category students (OBC, SC, ST, NTD, & NTB) with family income below Rs. 1 lakh.

They have difficulty for day to day living expenses, which were genuine. These students were not taking full meals & sharing books.

A total of 14 students will need support:

02 Open 06 EWS
02 Orphan 04 Category

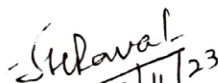

We propose that One donor can support 2 students with 2500 USD / year, as given below:

Student 1	Student 2	Total
1 Open (\$1500/-)	1 Category (\$1000/-)	\$2500/-
1 Open (\$1500/-)	1 Category (\$1000/-)	\$2500/-
